

Gardner Dam Scout Camp First Year Camper Program Sign-Up Form

The First Year Camper Program is a hands-on experience designed for Scouts who will be attending summer camp for the first time. This all morning program will incorporate merit badges, camp orientation, and let's not forget the fun. Scouts will be taking two merit badges in the morning: Space Exploration and Environmental Science. In between these merit badges, they will be exploring program areas with an assigned staff member, such as the rifle range, climbing tower, and high adventure opportunities. The First Year Camper Program is all inclusive and provides: 10 rifle shots, one camp craft of the day project, a space exploration kit needed for their merit badge, a slushy cup with a free slushy and a camp T-shirt. Scouts will still have the opportunity to go to Eagle Challenge in the afternoons to complete their advancement requirements. In order to give the best possible first year camper experience, space is limited. The ratio will be no more than 8 participants (size of an average patrol) per instructor. Price will be \$30.00. Space will be limited – signup as soon as possible.

Note: Patrols will be about 8 Scouts and Scouts from other Troops may be combined to form patrols giving Scouts the opportunity to meet new friends while at camp.

**Register for the First Year Camper during the online registration process of your Units reservation.
\$30.00 cost will be applied to your Units online reservation.**
