10:00PM	Lights Out

Program Snapshot

When you think of summer camp, you think of swimming and hiking, right? Well we offer more than just your basic activities. Take your average day outdoors and bring it to the gorgeous wooded areas located in Munising! Your youth will learn about the difference between coniferous and deciduous trees, basics in how to repair broken items, outdoor survival skills, and swimming!

Accommodations

Your young person will get to stay in the beautiful outdoors! We will ask that you bring a tent, but if that is an issue, we can work something out. Each campsite features a toilet, sinks, and showers are available during your stay.

Food Service

We are lucky to have plenty of room to serve everyone at camp, even with COVID precautions. We have fully equipped cook staff and we are also prepared in the event we still need to social distance during meals. There is space to eat in each program area and even more space outside. Food would be delivered directly to your group.

Trading Post

While your son or daughter is at camp, they'll have an opportunity to check out the camp store, also known as the Trading Post. There's plenty of healthy snacks, candy, trinkets, wilderness tools, clothing, and slushies to go around. If you've never tried a slushie, this is your opportunity! Items range from \$.50-\$30 depending on what you are purchasing. There are some clothing items for adults that tend to run a little more expensive depending on size.

2021 SUMMER CAMP

Life at Camp – Camp Hiawatha

Camp Lingo

There are a few terms that are familiar to camp and we want to make sure you are in-the-know before coming to camp. Buddy/Truddy is used to describe groups of 2 or 3 that we encourage youth to move through camp in. Lions, Tigers, Wolves, Bears and Webelos are Scouting terms used when referring to Kindergarten through 5th graders. Leave No Trace is an eco-friendly training we encourage the use of at camp. It's most likely to be heard when referring to picking up trash and making sure we have our recycling in the right place.

Mail at Camp

If you'd like to send your camper some mail while they are at camp, please address it as such:
