

2021 SUMMER CAMP

Parent Information

Parent Information

Mission

Our mission is to engage our guests by delivering quality, innovative, and “Life on the Edge” experiences that support the mission of the Bay-Lakes Council.

Camp Staff

Our camp staff are hired through an extensive interview and background check. Many of our staff members are former campers and have a passion for working with our youth. Each of them goes through at least 28 hours of training, including First Aid, CPR, and AED training for both adults and youth. Every staff member is selected based on their skills and team player mentality.

Payment Schedule

Once you complete the registration form a member of our team will reach out to you to confirm your reservation and process your payment.

How to register

To register for camp, you will simply complete the form at the link below.

[Register Now](#)

Space at camp is based on a first come, first registered. When a member of our team reaches out to you about payment, they will confirm which session of camp you will be attending.
